

Global Youth Dialogue 2025

Youth Voices Shaping the Future of Development

Date: 24 September 2025

Time: 1pm GMT

Platform: Zoom

In Support of:

Global Goals Week & the #YouthLead Festival

Why This Dialogue?

Because youth are not just demanding change: we are leading it.

The Global Youth Dialogue is a vibrant virtual gathering that brings together young leaders and changemakers to:

- Reflect on youth development progress in key common areas like education, employment, equality, and participation.
- Confront persistent challenges facing young people worldwide.
- Co-create bold priorities for the future of global youth action.

By centering youth voices and lived experiences, the dialogue spotlights how youth-led innovation, collaboration, and accountability can accelerate progress toward the Sustainable Development Goals (SDGs), connecting directly with the themes of education, employment, equality, and participation.

Dialogue Run of Show (2 Hours)
